

SEMAPHORE 2K26

REGISTRATION GUIDE

A visual step-by-step guide for account setup, team creation, event registration, payment submission, and verification.

1. Quick Registration Overview

Follow the sequence below and complete each stage before moving to the next.

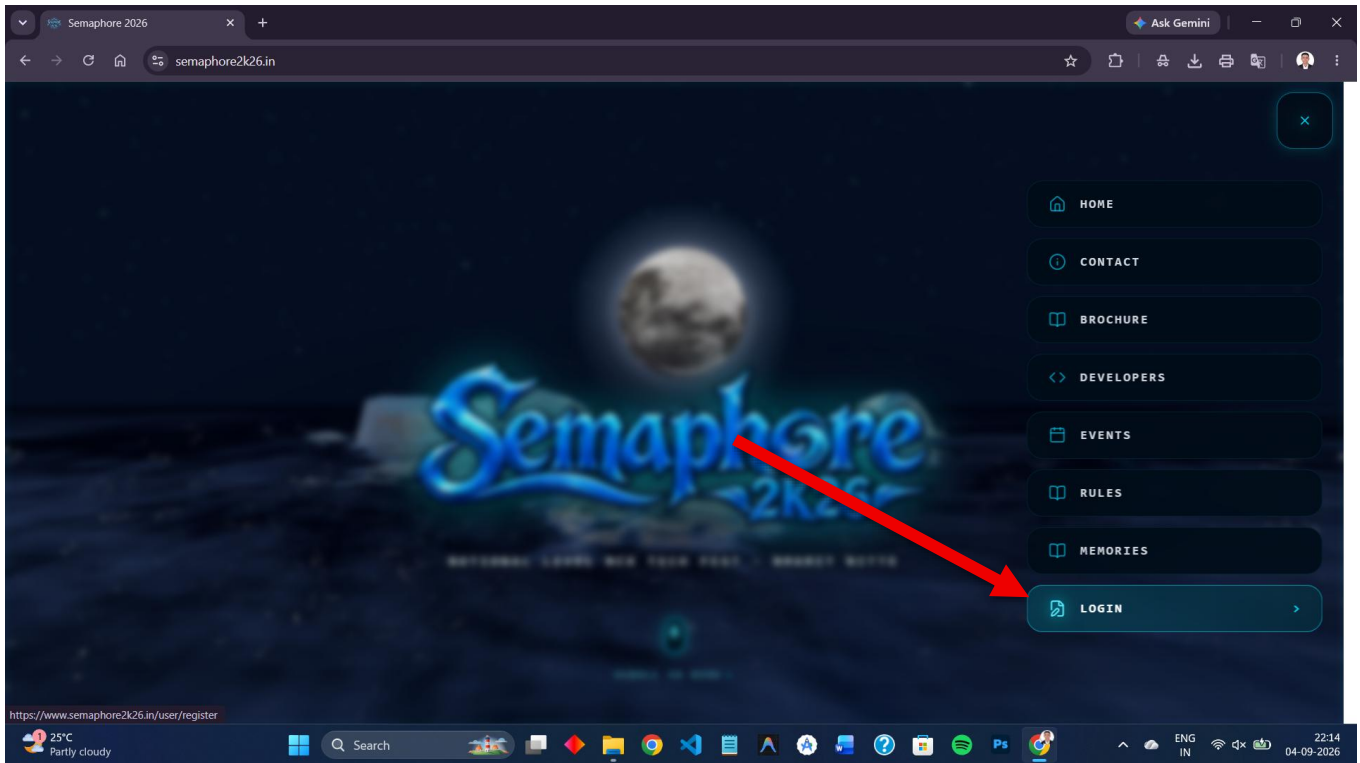

Step	Action	What you should see
1	Open menu → LOGIN	Register/Login page
2	Select college → Continue with Google	Authenticated account
3	Enter team name → SET TEAM	Team name saved
4	Menu → EVENTS	Event registration page
5	Choose event → enter participants → Save & Make Payment	Payment page
6	Pay → upload proof → amount → UTR → Submit	Payment submitted
7	Check registration status	Payment Verification Pending / later approval

Before you start

- Keep access to the Google account you intend to use for registration.
- Decide your team name before creating event registrations.
- Keep the full names and mobile numbers of all required participants ready.
- Have a valid payment method available and save the payment confirmation/screenshot.
- Keep the UTR number exactly as shown in the payment confirmation.

Step 1: Open the [Semaphore 2K26](https://semaphore2k26.in) website

Open the [Semaphore 2K26](https://semaphore2k26.in) website and open the navigation menu. Select LOGIN to begin the registration process.

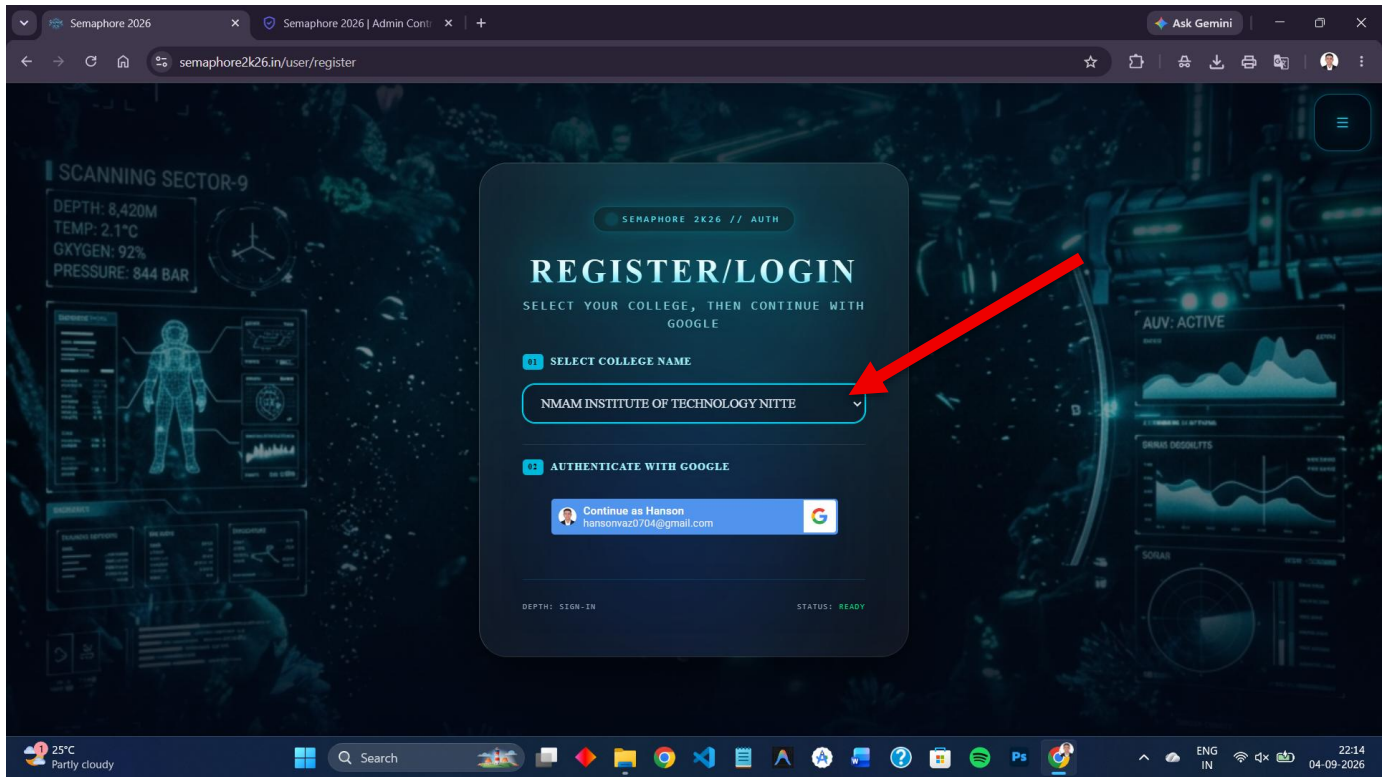

Check before continuing

- Open the navigation menu if the menu items are not visible.
- Select LOGIN to reach the registration screen.

Step 2: Select your college and continue with Google

On the Register/Login page, select your college from the dropdown. Then select Continue with Google and sign in with the Google account you want to use for the registration.

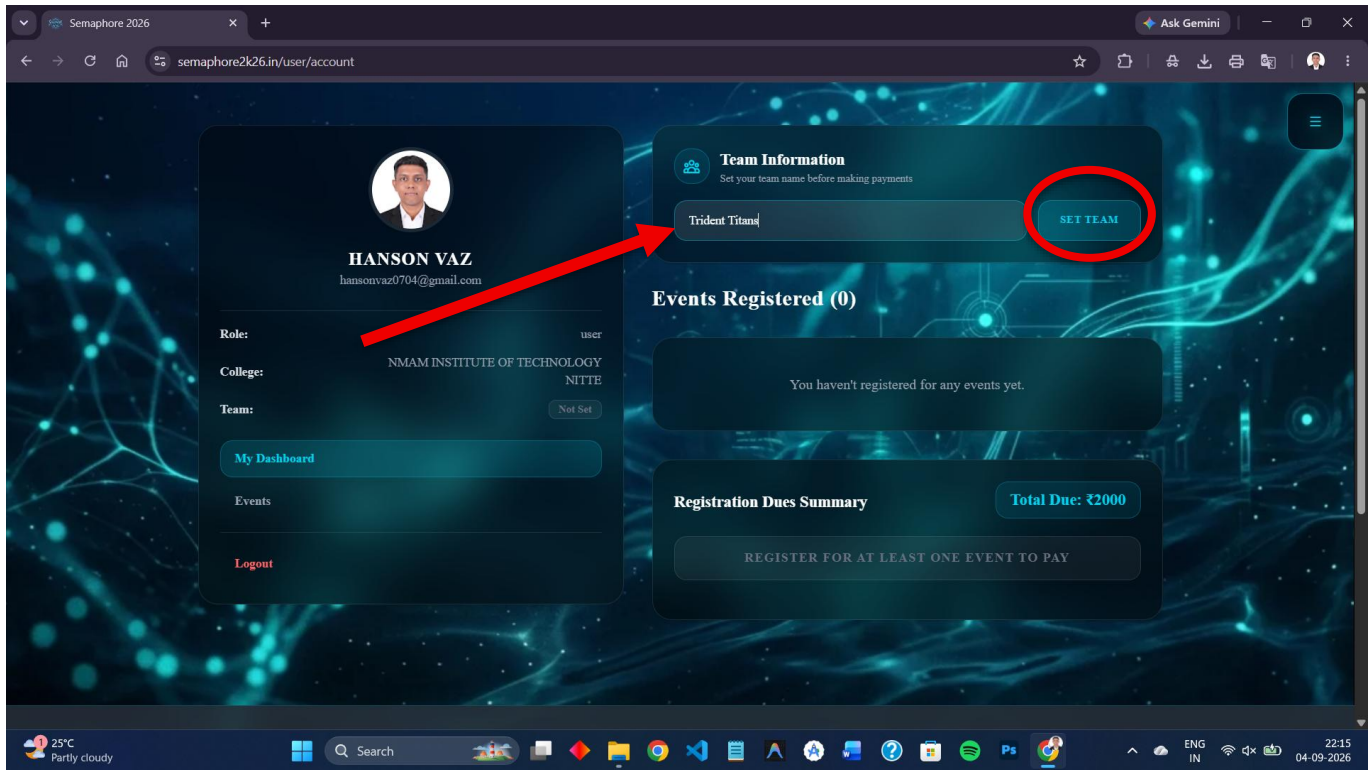

Check before continuing

- Choose the correct college before authenticating.
- Use the Google account you want associated with the registration.

Step 3: Set your team name

After login, you will reach your account dashboard. In Team Information, enter your team name and select SET TEAM. Use the same team name consistently for your event registrations.

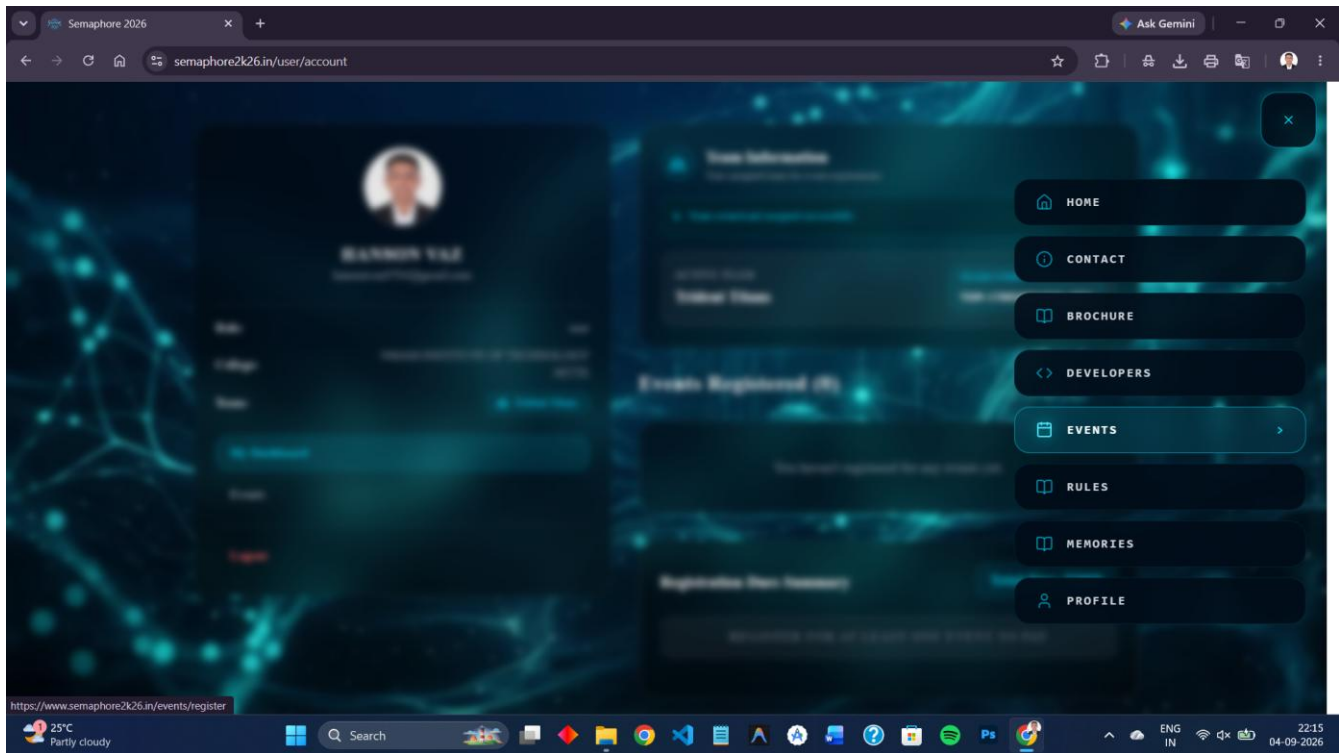

Check before continuing

- Enter the team name carefully before selecting SET TEAM.
- Use the agreed team name consistently for team registrations.

Step 4: Open the Events registration page

Open the navigation menu and select EVENTS. This takes you to the event selection and registration page.

Check before continuing

- Use EVENTS from the navigation menu to start or continue event registration.

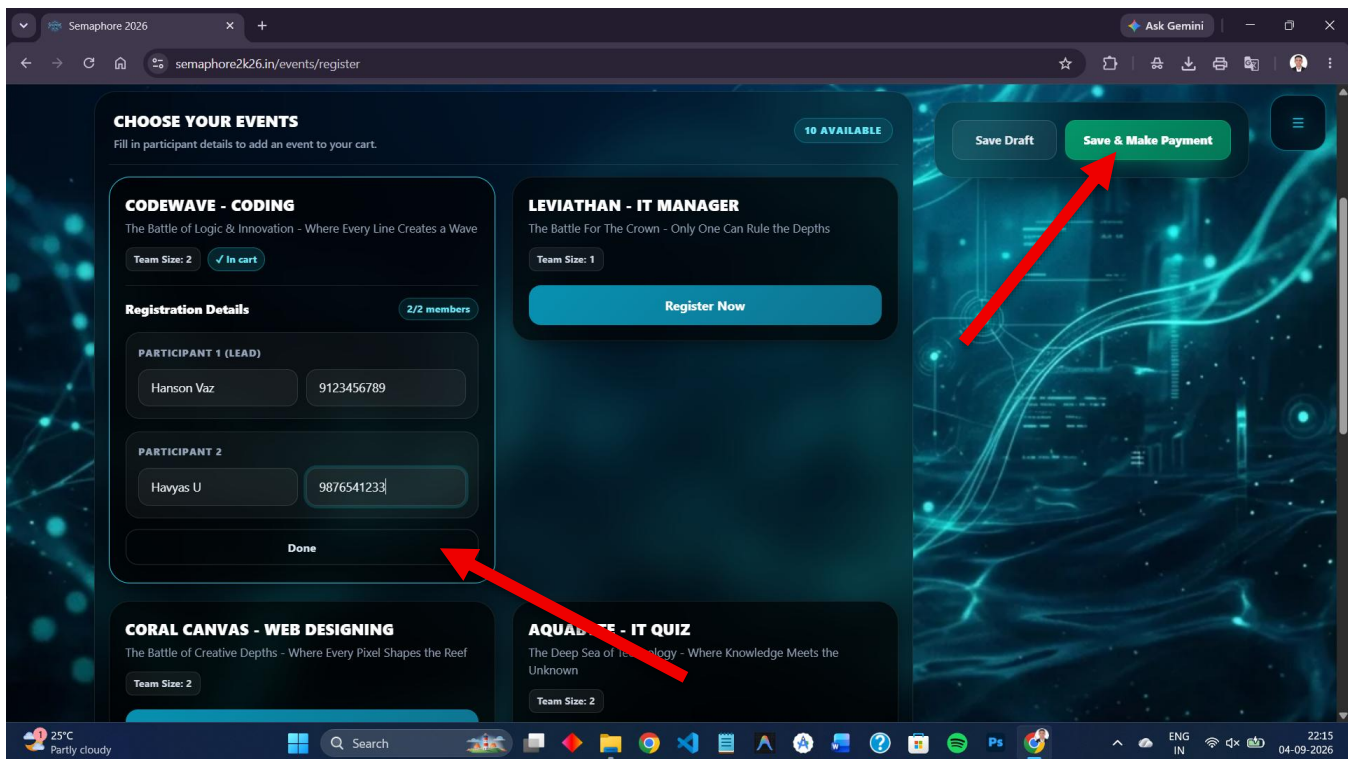

Step 5: Select an event and enter participant details

Choose the event you want to register for. You can register for a single event or multiple events at the same time. Check the required team size and enter the participant details requested by the form, then select Done. After completing your event selections, use Save & Make Payment to proceed.

Important: Once you select **Save & Make Payment** and confirm the registration, you cannot edit the participant details yourself. If any participant information needs to be changed after confirmation, [contact the Semaphore team for assistance](#)

Make sure you enter the correct phone number for every participant, as incorrect contact details may cause communication issues.

You can also register for additional events that you have not registered for initially, even after submitting a registration for one or more events. There is no need to register for all your desired events at once. Additional unregistered events can be selected later, including while the previous payment is still pending approval.

The screenshot displays the Semaphore 2026 registration interface. The browser address bar shows 'semaphore2k26.in/events/register'. The page is titled 'CHOOSE YOUR EVENTS' with a subtext 'Fill in participant details to add an event to your cart.' and a '10 AVAILABLE' badge. There are two main buttons at the top right: 'Save Draft' and 'Save & Make Payment', with a red arrow pointing to the latter. The page is divided into two columns of event cards. The left column features 'CODEWAVE - CODING' (Team Size: 2, 'In cart' badge) and 'CORAL CANVAS - WEB DESIGNING' (Team Size: 2). The right column features 'LEVIATHAN - IT MANAGER' (Team Size: 1, 'Register Now' button) and 'AQUADOTE - IT QUIZ' (Team Size: 2). The 'CODEWAVE' card is expanded to show 'Registration Details' for '2/2 members'. It lists 'PARTICIPANT 1 (LEAD)' as 'Hanson Vaz' with phone number '9123456789', and 'PARTICIPANT 2' as 'Havyas U' with phone number '9876541233'. A 'Done' button is at the bottom of this section, with a red arrow pointing to it. The bottom of the page shows a Windows taskbar with various application icons and system status information (25°C, Partly cloudy, 22:15, 04-09-2026).

Check before continuing

- Check the event's displayed team size.
- Verify participant names and mobile numbers before continuing.
- Use Save & Make Payment after the event details are complete.

Step 6: Complete the payment submission

On the payment page, use the displayed QR code or the provided bank details to make the payment. Then upload the payment screenshot, enter the amount paid, enter the correct UTR number, and select **SUBMIT PAYMENT**.

SCAN TO PAY

NAME OF THE ACCOUNT
Nitte Deemed to be University

ACCOUNT NO
02452200058171

BANK & BRANCH
Canara Bank, ABSMIDS Branch, Deralakatte

IFSC CODE
CNR00010245

MICR CODE
575015123

NDU GST NO
29AABTN0060A1Z5

NDU PAN
AABTN0060A

PAYMENT SUBMISSION

PAYMENT SCREENSHOT (REQUIRED)

AMOUNT PAID (REQUIRED)
₹ 2000

UTR NUMBER (REQUIRED)
456789854523

SUBMIT PAYMENT

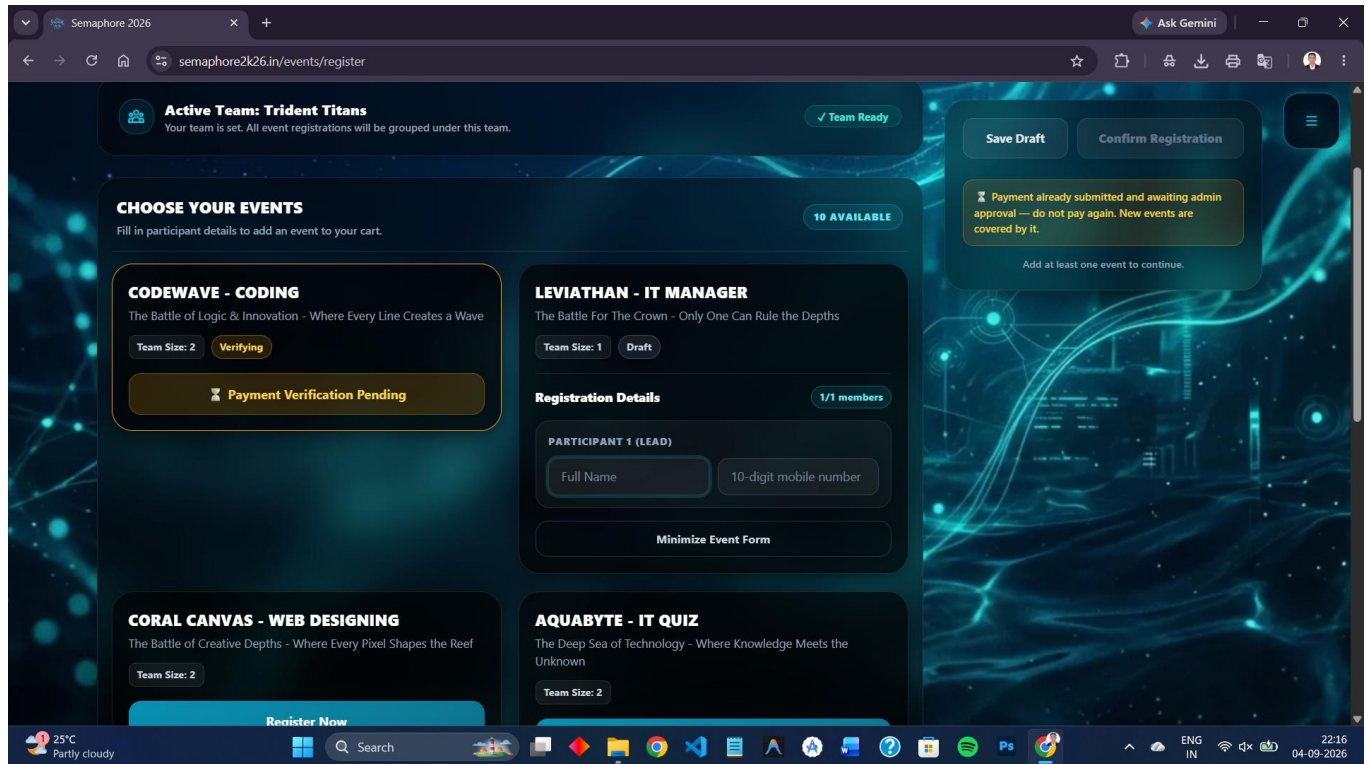

Check before continuing

- Pay the amount shown for your registration.
- Upload a clear payment proof.
- Enter the UTR exactly as displayed in the payment confirmation.
- Never use a placeholder or made-up UTR.

Step 7: Wait for payment verification

After successful submission, the event may show Payment Verification Pending. This means that the payment has been submitted and is awaiting admin approval. The payment will be reviewed and approved within 24 hours. Do not make another payment for the same registration unless the organizers specifically instruct you to do so.

You can still register for additional events that you did not select initially, even while the payment approval status is pending. Any newly added events will be covered under the payment already submitted, so do not make a separate payment for the additional events unless instructed by the organizers.

Check before continuing

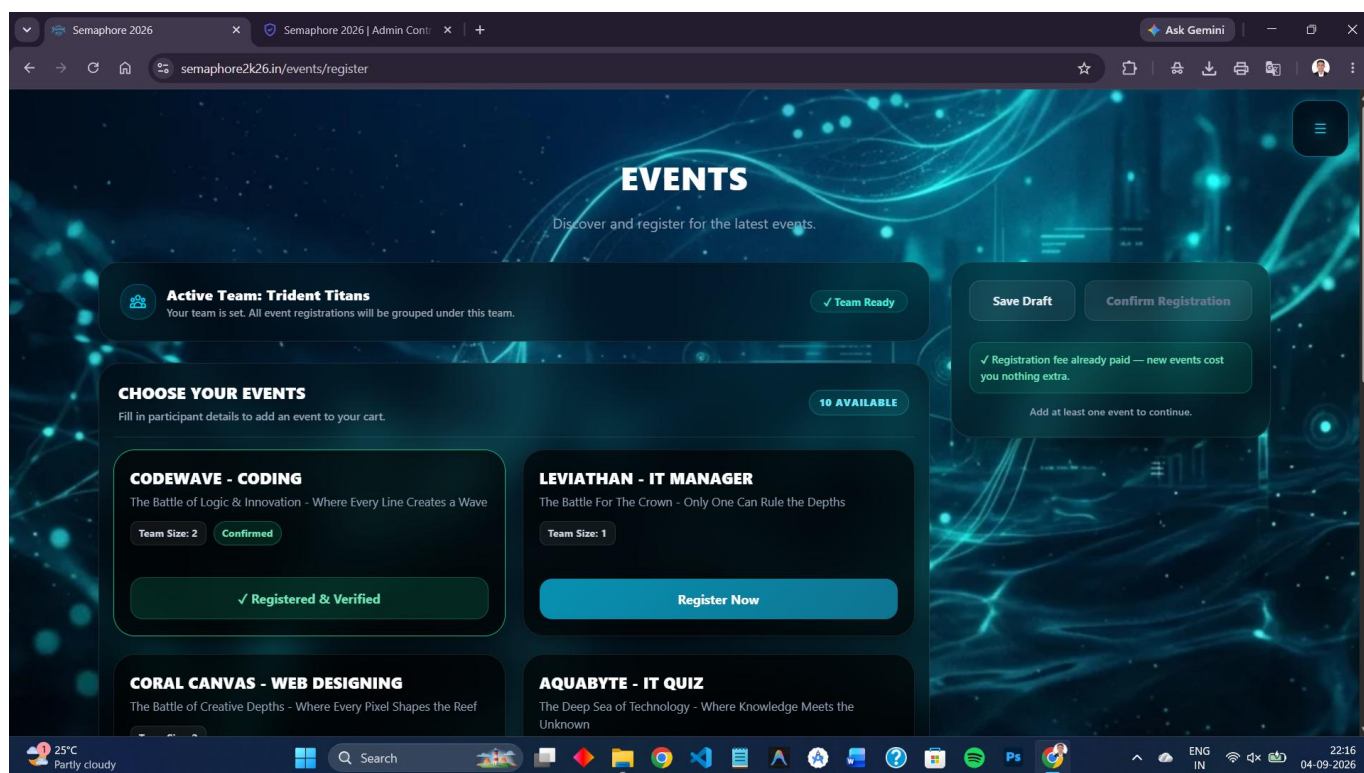

- Payment Verification Pending means the submitted payment is awaiting admin verification.
- Do not pay again for the same registration unless the organizers instruct you to.

After Payment Approval

Once the **Semaphore team/admin approves your payment**, the event registration page will be updated automatically.

- The payment status will no longer show Payment Verification Pending.
- Your successfully approved event will display Registered & Verified.
- The Confirm Registration button will no longer be required for the already verified registration.
- You can continue to register for additional events that you have not selected previously.
- The page will indicate that the registration fee has already been paid, and newly added events will not require an additional payment.
- Your active team will remain associated with all event registrations under the same team.

Important: If the page shows “Registration fee already paid - new events cost you nothing extra,” you can select another event and complete its participant details without making another payment.

Final Registration Checklist

Use this checklist before considering the registration process complete.

- Correct college selected.
- Google authentication completed successfully.
- Team name created and saved.
- Correct event selected.
- All required participant details entered correctly.
- Registration amount checked before payment.
- Payment screenshot uploaded successfully.
- Amount paid entered correctly.
- UTR number entered correctly.
- Payment submitted successfully.
- Registration status checked after submission.

Common mistakes to avoid

- Selecting the wrong college before Google authentication.
- Using inconsistent team names.
- Entering an incorrect participant mobile number.
- Uploading an unclear or incomplete payment proof.
- Entering a UTR that does not match the payment confirmation.
- Paying again when the portal already shows that a payment is pending verification.

Important note

This guide is prepared from the supplied Semaphore 2K26 registration screenshots. Portal labels, event availability, fees, and other operational details may change. Always follow the information currently displayed on the official registration portal.
